***Ringer Program:** The Ringer Tournament results in a player's ultimate round, which is the best the player shot on each hole on the front nine and the back nine over the duration of the tournament (January to early December). The player's Ringer score for each hole never increases; it either remains the same or decreases round after round. Scores are recorded by the Ringer chair. For questions, call Janis Gustafson (701) 388-5833

We would like for everyone to become involved in the activities of our Niners golfing community. Please take a look at the list of committees below and find (at least) one committee where you feel you would like to serve.
